

The listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Cancel)
2. (Currently amended) A method of treating or preventing cancer comprising administering to a patient in need of such treatment an effective dose of a compound, wherein the compound is a terpene or oxygenated derivative thereof, and the terpene is selected from the group consisting of:

~~cis- β -Ocimene;~~

trans- β -Ocimene; and

γ -bisabolene.

~~monocyclic sesquiterpenes of the bisabolene type.~~

3. (Previously presented) The method of claim 2, wherein the compound is trans- β -ocimene.
4. (Currently amended) The method of claim 2, wherein the compound is γ -bisabolene.

~~α -bisabolene or~~

— γ -bisabolene.

5. (Previously presented) The method of claim 2, wherein the compound is administered at a concentration of between 0.2 μ M and 100 mM.

6. (Currently amended) A pharmaceutical composition comprising ~~a terpene compound or oxygenated derivative thereof, wherein the terpene is selected from the group consisting of~~ the isolated compound:

— cis - β -Ocimene; —

$trans$ - β -Ocimene; and

~~monocyclic sesquiterpenes of the bisabolene type,~~

in combination with a pharmaceutically acceptable excipient, carrier, adjuvant or vehicle.

7. (Currently amended) The pharmaceutical composition according to claim 6, which is formulated so that a single unit dose of the composition provides ~~the terpene compound~~ $trans$ - β -Ocimene at a concentration of between 0.2 μ M and 100 mM.

8. (Previously presented) The method of claim 2, wherein the cancer is selected from the group consisting of breast cancer, ovarian cancer, prostate cancer, colon cancer, lung cancer,

pancreatic cancer, bowel cancer, melanoma, testicular cancer, cervical cancer, fibrosarcoma, squamous cell carcinoma, leukaemia, astrocytoma and glioma.

9. (Previously presented) A method of making a medicament for the treatment or prophylaxis of cancer comprising: combining a *Commiphora guidotti* extract with a pharmaceutically acceptable excipient, carrier, adjuvant, or vehicle.

10. (Canceled)

11. (New) The method of claim 2, wherein the compound is an isolated compound.
